Guests will experience a once in a lifetime exploration of the 100 square mile magical island known as Martha's Vineyard. Guests will visit and learn the rich history of all six island towns as they are all very different from one another which provide the island with its vast diversity. Visits to century old stone walls, the Vineyard's amazing farms, the various shorelines that surround Martha's Vineyard, the island's African American heritage, lighthouses, historic homes and even some Jaws movie history will all be included.
